In permitting such change, the Board of Adjustment may require conditions and safeguards in accordance with the purpose and intent of this ordinance. Where such nonconforming use of a structure, land, or structure and land in combination is hereafter changed to a more conforming use, it shall not thereafter be changed to a less conforming use.

Members of the Board of Adjustment may be removed from office by the city council for cause upon written charges and after a public hearing. Vacancies shall be filled in the same manner as the original appointment for the unexpired term of the resigning member. A majority of the members of the Board of Adjustment shall be persons representing the public at large and shall not be involved in the business of purchasing or selling of real estate.

25.2. PROCEEDINGS OF THE BOARD OF ADJUSTMENT.

The Board of Adjustment shall adopt rules necessary to the conduct of its affairs, and in keeping with the provisions of this ordinance. Meetings shall be held at the call of the chairperson and at such other times as the board may determine. The chairperson, or in that person's absence, the acting chairperson may administer oaths and compel attendance of witnesses. All meetings shall be open to the public. The Board of Adjustment, through its secretary, shall keep minutes of its proceedings showing the vote of each member upon each question, or if absent or failing to vote indicating such fact, and shall keep records of its examination and other official actions, all of which shall be a public record and be immediately filed in the office of the Board. Said action shall take effect upon the Board receiving sufficient confirmation of the recording in the office of the O'Brien County Recorder. A copy of said action shall also be filed in the office of the zoning administrator. The presence of four (4) members shall constitute a quorum.

25.3. HEARINGS, APPEALS, AND NOTICE.

Appeals to the Board of Adjustment concerning interpretation or administration of this ordinance may be taken by any person aggrieved or by any officer, or bureau of the City of Sheldon affected by a decision of the zoning administrator. Such appeals shall be taken within a reasonable time, not to exceed sixty (60) days, by filing with the zoning administrator, a notice of appeal specifying the grounds thereof. The zoning administrator shall forthwith transmit to the Board all papers constituting the record from which the action appealed was taken.

The Board of Adjustment shall fix a reasonable time for the hearing of appeal, give public notices thereof, not less than seven (7) days nor more than twenty (20) days public notice in a newspaper of general circulation in Sheldon, as well as notifying the owners of all property within two hundred (200) feet of the proposed special exception not less than seven (7) days prior to the hearing. The Board shall then decide the same within a reasonable time, typically not more than thirty (30) days. At the hearing any party may appear in person or by agent or attorney. In exercising the powers set out in this section, the Board of Adjustment may, in conformity with the provisions of this ordinance, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from, and may take such action as ought to be made, and shall have all the powers of the zoning administrator from whose action the appeal was taken. The concurring vote of the majority of the Board of Adjustment shall be necessary to reverse any order, requirement, decision, or determination of the zoning administrator.

25.4. STAY OF PROCEEDINGS.

An appeal stays all proceedings in furtherance of the action which was appealed, unless the Zoning Administrator from whom the appeal is taken certifies to the Board of Adjustment after the notice of appeal is filed, that by reason of facts stated in the certificate, a stay would cause imminent peril to life or property. In such case, proceedings shall not be stayed other than by a restraining order which may be granted by the Board of Adjustment or by a court of record on the application, on notice to the zoning administrator from whom the appeal is taken and on due cause shown.

25.5. POWERS AND DUTIES.

The Board of Adjustment shall have the following powers and duties:

- 1) Administrative Review: To hear and decide appeals where it is alleged that there is error in any order, requirement, decision, or determination made by the zoning administrator in the enforcement of this ordinance.
- 2) Special Exceptions: To hear and decide only such exceptions as the Board of Adjustment is specifically authorized to pass on by the terms of this ordinance, and as provided for in Article XXVI.
- 3) Variances: To authorize upon appeal in specific cases such variance from the terms of this ordinance as will not be contrary to the public interest where, owing to the special conditions, a literal enforcement of the provisions of this ordinance would result in unnecessary hardship.

25.6. VARIANCES.

A variance from the terms of this ordinance shall not be granted by the Board of Adjustment unless and until:

- 1) An application for the Variance shall be filed with the zoning administrator. The application shall include the following:
 - a. Name and address of the owner and applicant.
 - b. Address and legal description of the property.
 - c. If the applicant is not the legal owner of the property, a statement that the applicant is the authorized agent of the owner.
 - d. A statement describing the variance requested and reasons why it complies with the criteria

- for variances provided in this section.
- e. The property address, name and mailing address of the owner of each lot within 200 feet of the subject property.
 - f. Site plans, as prepared in accordance with Article XVIII
- 2) The zoning administrator may request additional information necessary to enable a complete analysis and evaluation of the variance request, and a determination as to whether the circumstances prescribed for the granting of a variance exist.
 - 3) The Board of Adjustment shall schedule a public hearing in regards to the variance request. Notice shall be given of the public hearing as required by state statute by publication in a newspaper of general circulation in the city. Notice shall be given to a complete list of persons provided by the applicant who are all of the owners of property within two hundred (200) feet of the property in question.
 - 4) The board shall fix a reasonable time for the hearing of the variance, and give not less than seven (7) days or more than twenty (20) days public notice in a newspaper of general circulation in Sheldon, thereof, and decide the same within thirty (30) days.
 - 5) The public hearing shall be held. Any party may appear in person or by agent or attorney.
 - 6) The Board of Adjustment may grant a variance if it makes affirmative findings of fact on each of the following criteria:
 - a. That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
 - b. That literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this ordinance;
 - c. That the special conditions and circumstances do not result from the actions of the applicant;
 - d. That granting the variance requested will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district.
 - e. No nonconforming use of neighboring lands, structures or buildings in the same district, and no permitted or nonconforming uses of land, structures or buildings in other districts shall be considered grounds for the issuance of a variance.
 - 7) The Board of Adjustment shall make findings that the applicant for a variance has met the requirements of this section.
 - 8) The Board of Adjustment shall further make a finding that the reasons set forth in the application justify the granting of the variance and that the variance is the minimum variance that will make possible the reasonable use of the land, building or structure.
 - 9) The Board of Adjustment shall further make a finding that the granting of the variance will be in harmony with the general purpose and intent of this ordinance, and will not be injurious to the neighborhood, or otherwise detrimental to the public welfare.

- 10) A fee to be determined by resolution of city council shall accompany the application for a variance.
- 11) Under no circumstances shall the Board of Adjustment grant a variance to allow a use not permissible under the terms of this ordinance in the district involved or any use expressly or by implication prohibited by the terms of this ordinance in said district.
- 12) *Additional Variance Conditions:* In granting any variance, the Board of Adjustment may prescribe appropriate conditions and safeguards in conformity with this ordinance. Violations of such conditions and safeguards, when made a part of the terms under which the variance is granted, shall be deemed a violation of this ordinance and punishable under Article XXIV.
- 13) *Lapse of Variance:* Unless a longer time period shall be specifically established as a condition of approval, a variance shall lapse and shall become void one (1) year following the date on which the variance became effective, unless prior to the expiration of one year a zoning or building permit is issued and construction is commenced and diligently pursued toward completion on the site which was the subject of the variance application, or a certificate of occupancy is issued for the site or structure which was the subject of the variance application, or the site is occupied if no building permit or certificate of occupancy is required.
- 14) *Revocation of Variance:* Upon violation of any applicable provision of this ordinance, or if granted subject to the conditions, upon failure to comply with conditions, a variance shall be revoked upon notification to the owner of the; use or property subject to the variance.
- 15) *Variance to Run With Land or Structure:* Unless otherwise specified at the time a variance is granted, a variance shall run with the land and shall continue to be valid upon a change of ownership of the site or structure to which it applies.

25.7. DECISIONS OF THE BOARD OF ADJUSTMENT.

- 1) In exercising the above mentioned powers, the Board of Adjustment may, so long as such action is in conformity with the terms of this ordinance and Chapter 414, Code of Iowa, reverse or affirm, wholly or partly, or may modify, order requirements, decision, or determination as ought to be made and to that end shall have powers of the administrative officer from whom the appeal is taken. The concurring vote of four (4) members or the majority of the entire board shall be necessary to reverse any order, requirement, decision or determination of the zoning administrator; or to decide in favor of the applicant on any matter upon which it is required to pass under this ordinance; or to affect any variation in application of this ordinance.
- 2) The action of the board shall not become effective until it has a written decision describing such action, the vote of each member participating therein and the reasons for such action, specifying the manner in which the applicant either satisfied or failed to satisfy each of the applicable standards, conditions or elements set forth in this Article. Decisions shall be filed promptly following the board's action and shall be open to public inspection. Every variation and exception granted or denied by the board shall be supported by a written testimony or evidence submitted in connection therewith.

- 3) If any application for a variance or exception shall have been denied by the Board of Adjustment, no new application for the same relief shall be considered for one (1) year by the board unless the board shall find that conditions have changed.
- 4) Any taxpayer or any officer, department, board, or bureau of the city or persons jointly or severally aggrieved by any decision of the board may present to a court of record a petition for writ of certiorari, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of illegality. The petition shall be presented to the court within 30 days after the filing of the decision in the office of the board. All decisions of the board, except decisions granting use variances or a variance from any separation requirement shall be final immediately upon filing.

25.8. APPEALS FROM THE BOARD OF ADJUSTMENT.

Any person or persons, or any board, taxpayer, department, board or bureau of the city aggrieved by any decision of the Board of Adjustment may seek review of such decision of the Board of Adjustment by a court of record in the manner provided by the laws of the State of Iowa and particularly by Chapter 414, Code of Iowa.

- 3) In granting any special exception, the Board of Adjustment may prescribe appropriate conditions and safeguards in conformity with this ordinance. Violation of such conditions and safeguards, when made a part of the terms under which the special exception is granted, shall be deemed a violation of this ordinance and punishable under Article XXIV.
- 4) The concurring vote of four (4) members of the whole Board of Adjustment is required to grant a special use permit, even in the event of absentee members or conflicts of interest. No order of the Board of Adjustment granting a special exception use permit shall be valid for a period longer than six (6) months from the date of such order, unless the Board of Adjustment specifically grants a longer period of time or a zoning permit is obtained within the six (6) month period and construction is commenced.

- 19) The use shall not cause any permanent, irreparable environmental damage to the parcel or neighboring lands.
- 20) The special exception use permit may be reviewed after a specified period of time for compliance and for possible additional conditions.

In addition to the general standards outlined above, specified uses shall adhere to these standards and operate only after the issuance of a special exception use permit.

26.6. REVOCATION.

The issuance of a special exception use permit by the Board of Adjustment shall entitle the owner to continue to operate the use so long as he remains in compliance with the terms and conditions of this ordinance and the terms, conditions, limitations, requirements and safeguards set forth in the special exception use permit. ARTICLE XXVII

Changes and Amendments

Article 27: Changes and Amendments

Section 27.1.	Procedures
Section 27.2.	Initiation
Section 27.3.	Application for Change in Zoning District Boundaries
Section 27.4.	Protest Provision
Section 27.5.	New Application

27.1. PROCEDURES.

This ordinance and the district map created by said ordinance may be amended from time to time. However, no amendment shall become effective unless it shall have been proposed by or shall have been first submitted to the Planning and Zoning Commission for review and recommendation.

The Planning and Zoning Commission shall have forty-five (45) days from receipt of the requested amendment in which to submit its recommendation to the city council. Prior to making recommendation to the city council, the Planning Commission shall hold at least one public hearing on the text amendment or rezoning request. At least once during the public hearing process, either at the Planning Commission or city council meeting, property owners within two hundred feet (200') of the subject property shall be notified by mail. If the commission fails to submit a report within the forty-five (45) day period, it shall be deemed to have approved the proposed amendment.

Not more than 30 days following receipt of the recommendation of the Planning and Zoning Commission, the city council shall hold at least one public hearing before adoption of any text amendment or a rezoning request. A notice of such public hearing shall be published not less than 7 and no more than 20 days prior to the date established for such hearing along with notification of the owners of all property within two hundred feet (200') of the property for which the change is requested. In no case shall the public hearing be held earlier than the next regularly scheduled city council meeting following the published notice. Such notice shall include the time and place for the public hearing.

Within 30 days following the closing of a public hearing, the city council shall make a specific finding as to whether the change is consistent with the objectives of this ordinance. If the city council finds that the change is not consistent, it shall deny the application. The city council shall not modify a recommendation of the Planning and Zoning Commission on a rezoning or change until it has requested and considered a report of the commission on the modification. Failure of the commission to report within 30 days after receipt of the city council request shall be deemed concurrence. If the city council finds that the change is consistent, it shall introduce an ordinance amending the text of the zoning regulations or amending the zoning map, whichever is appropriate.

Notwithstanding Chapter 414.2 of the Iowa Code, as a part of an ordinance changing land from one zoning district to another zoning district or an ordinance approving a site development plan, the council may impose conditions on a property owner which are in addition to existing regulations if the additional conditions have been agreed to in writing by the property owner before the public hearing required under this section or any adjournment of the hearing. The conditions

must be reasonable and imposed to satisfy public needs which are directly caused by the requested change.

27.2. INITIATION.

Requests for rezoning of property or zoning text amendments may be initiated by one of three ways.

- 1) The Planning and Zoning Commission or the city council may initiate a text amendment.
- 2) The Planning and Zoning Commission or the city council may initiate a rezoning request
- 3) The owner or the authorized agent of the owner of property may initiate a rezoning request by filing an application for a change in district boundaries (rezoning) as prescribed in this article. If the property for which rezoning is proposed is in more than one ownership, all the owners or their authorized agents shall join in filing the application.

27.3. APPLICATION FOR CHANGE IN ZONING DISTRICT BOUNDARIES.

Applications for rezoning requests shall be filed with the zoning administrator on a form provided by the city and shall include the following data and maps:

- 1) Each application shall be filed and accompanied by a fee as determined by resolution by the city council and shall contain the following information:
 - a. The name and address of the owner and applicant.
 - a. The legal description and local address of the property.
 - c. If the applicant is not the legal owner of the property, statement that the applicant is the authorized agent of the owner.
 - d. The present zoning classification and the zoning classification requested for the property.
 - e. The existing use and proposed use of the property.
 - f. The names and addresses of the owners of all property within two hundred (200) feet of the property for which the change is requested.
 - g. A statement of the reasons why the applicant feels the present zoning classification is no longer appropriate.
 - h. A plat showing existing and proposed locations, dimensions and use of the applicant's property and all property within two-hundred (200) feet thereof, including streets, alleys, railroads, and other physical features.

The zoning administrator may require additional information or maps if they are necessary to enable the Planning Commission to determine whether the change is consistent with the objectives of this ordinance.

- 2) All fees shall be deposited to the general revenue fund of the city. Failure to approve the requested change shall not be deemed cause to refund the fee to the applicant.
- 3) Upon receipt of the application by the administrative officer a copy shall be forwarded immediately to the Planning Commission for study and recommendation. The commission shall, prior to making a recommendation, determine the following:

- a. Whether or not the current district classification of the property to be rezoned is valid.
- b. Whether there is a need for additional land zoned for the purpose requested.
- c. Whether the proposed change is consistent with the current land use plan.
- d. Whether there is intent on the part of the applicant to develop the property to be rezoned diligently and within a reasonable time.

27.4. PROTEST PROVISION.

In case the Planning Commission does not approve the change, or in a case of a written protest against a change or repeal which is filed with the City Clerk and signed by the owners of twenty percent (20%) or more of the area of the lots included in the proposed change or repeal, or by the owners of twenty percent (20%) or more of the property which is located within two hundred feet (200') of the exterior boundaries of the property for which the change or repeal is proposed, the change or repeal shall not become effective except by the favorable vote of at least three-quarters of all the members of the council. The protest, if filed, must be filed before or at the public hearing. Any amendment to this ordinance shall be recorded in the office of the O'Brien County Recorder.

27.5. NEW APPLICATION.

Whenever a petition requesting an amendment, supplement or change of any regulations prescribed by this article has been denied by the city council such petition cannot be renewed for one year thereafter unless it is signed by the owners of at least fifty percent (50%) of the property owners who previously objected to the change; this provision, however, shall not prevent the city council from acting on its own initiative in any case or at any time provided in this section.

ARTICLE XXVIII Effective Date

28.1 EFFECTIVE DATE.

This ordinance shall be in full effect from and after its adoption and publication as required by law and as provided for in Chapter 380.6 and 380.7 of the Code of Iowa.
